CASE ENTRY / INVESTIGATOR LOG

LOG NO. : 0047
DATE : 03 NOV 2023
TIME : 02:47 AM
LOCATION : FIELD OFFICE, ROOM 4
ENTRY BY : LEAD INVESTIGATOR
STATUS : UNRESOLVED

I knew death was inevitable the second I opened this case file, for the omen of the tiger reeked everywhere.

If you are reading this, I did not get to finish. I trust you to find the killer.

I love layers. Two eyes can look at the same page and see two different things. Look again.

A tiger cannot hide its stripes.
